## EDUCATION

### University of Cincinnati (DAAP)

Bachelor of Science in Industrial Design

Minor in Entrepreneurship

GPA 3.8/4

**UC Global Scholarship, UC Outreach Scholarship**

**Dean's List**

Class of 2026

## SKILLS

### Analog

Sketching, Ideation, Photography, Prototyping,  
3D printing, Laser Cutting, Soldering, Wood Work

### Digital

Autodesk Fusion 360, KeyShot, Blender, Solidworks,  
Photoshop, Illustrator, InDesign, AutoCAD, SketchUp,  
Ultimaker Cura, Python, C++, Procreate, Figma, Miro,  
Microsoft Suite

## HONORS AND ACTIVITIES

### Indian Student Association (Media Head)

University of Cincinnati | 2024- Present

Organized 5+ cultural events and created 20+ promotional graphics, boosting event engagement by 30% through strategic media management.

### Mentor & Muses

University of Cincinnati | 2024-Present

Guiding a first-year Industrial Design student in co-op search, coursework, and a summer project while fostering mentorship at DAAP.

### DAAP Ambassador

University of Cincinnati | 2022-Present

Lead tours of the DAAP facility and participates in student panels for prospective students and their families.

### DAAP Tribunal

University of Cincinnati | 2021-Present

Active student government member, coordinating activities and promoting campus unity.

## EXPERIENCE

### Crown Equipment Corporation

**Industrial Design Intern | New Bremen, OH**

January 2025 - May 2025

- Developed conceptual designs for next-generation lift trucks, integrating ergonomic and functional improvements.
- Created detailed CAD models and high-fidelity presentation renderings to visualize design intent.
- Engaged in cross-functional collaboration with engineers and designers to refine concepts.
- Conducted research to inform user-centered design solutions and contributed to prototyping and testing processes.

### Quest Global

**Industrial Design Intern | Bengaluru, India**

May 2024 - August 2024

- Explored how generative AI can enhance consumer product design.
- Contributed to prompt engineering and AI-driven ideation.
- Conducted market research and developed innovative consumer product designs.

### Noxgear

**Industrial Design Intern | Columbus, OH**

August 2023 - December 2023

- Assisted in CAD modeling, packaging design, and creating graphics for advertisements.
- Contributed to prototyping and ideation for new products set to launch in 2024.
- Worked on multiple aspects of the design process, showcasing versatility.

### Soothe

**Design Head | Cincinnati, OH**

February 2023 - February 2024

- Led product research, CAD design, and modeling for a startup focused on combating sensory overload and anxiety in youth.
- Managed marketing efforts and contributed to business strategy.
- Reached the Semi-Finals at the Stu Clark Venture Championship.
